Elementary Curriculum Based Agricultural Tours

Spring, Summer, Fall & Winter Tours.

Thank you, for choosing Puddicombe Farms for your Educational Experience. As an alternative to classroom learning your children can participate in the “see” and “do” learning experiences on a 213 + year old farm. Each tour may feature “Lil’ Pud”, Niagara’s first agricultural train, tractor pulled wagon rides and a free seasonal class gift. Children love learning about the needs of living things, growth, and the importance of agriculture today at Puddicombe Farms.

NOTE: FOR BOOKING YOUR TRIP WITH US, YOU WILL RECEIVE A MONETARY GIFT.

BLOSSOMS, BEE’S & SPRING PLANTING

(April- May & maybe early June) 2 hour tour
\$7.50 pp. (Tax included) Grades: JK - 4

Students will be able to see the bee’s action first hand while they play a significant role in food, farming and the environment. They will also experience the sights of beautiful blossoms on the fruit trees.

- Train ride on Lil’ Pud as well as a wagon ride throughout the orchards, vineyards, by the irrigation pond and view the Niagara Escarpment (Students will observe by using all 5 senses)
- Students will observe the beehive and investigate how each occupant of the bee colony work together to produce honey. Students will explore various bee keeping equipment by experiencing the tactile feel of each.

- Students will go through the seasonal maze and end up in the Apple orchard where they will learn how the worker bees cycle through the process of pollination.
- Students will plant a mini garden for your classroom. Learn about how the sun, soil, and water help plants grow.
- Students will receive a snack while on their visit
- Teacher receives a gift and educational pack for their class
- Students will receive a coupon

Farm Summer Sensation

(June- August) 2 hours tour

\$7.50pp. (Tax included) Grades: JK- 4

Summer Camps, and Daycares – 2 hour tour and full day add-on (\$11)

- Train ride on Lil' Pud as well as a wagon ride throughout the orchards, vineyards, by the irrigation pond and view the Niagara Escarpment (Students will observe by using all 5 senses)
- Walk along the farms trails which takes you through the orchards and vineyards while on a scavenger hunt and observation session.
- Visit with the farm animals
- Adventure through the seasonal maze
- Have fun in the play area
- Go into the pick your own fields and pick either seasonal cherries, peaches, or pears which will also be their nutritious snack.

Eco Adventure F.S.I (Farm Scene Investigation)

(April to November) 3 hour tour

\$8.00 pp. (Tax included) Grades: 1 - 4

Eco Fun is a program designed to familiarize children with nature and it's preservation through interactive activities in the heart of the great outdoors.

Program includes:

- Train ride on Lil' Pud as well as a wagon ride throughout the orchards, vineyards, by the irrigation pond and view the Niagara Escarpment (Students will observe by using all 5 sense)
- Explore the great outdoors and its different types of environments through a nature scavenger hunt.

- Mini nature walk where students will examine and compare three different rocks while discovering the Niagara escarpment is primarily made up of sedimentary rock.
- Each student will have the opportunity to be a rock-hound and hunt for the three different types of rocks.
- Investigate different soil samples and identify what plants grow best in each sample.
- Students will receive a nutritious snack.
- Students will also learn about preserving our green space and the importance of the land to the community.
- Teacher receives a gift and educational pack for their class.
- Students will receive a coupon.

Habitats & Communities

(April- October) 2 hour tour

\$7.50 pp. (Tax included) Grades: 2 – 5

- Train ride on Lil' Pud throughout the orchards, vineyards, by the irrigation pond and view the Niagara Escarpment (Students will observe by using all 5 senses). Leaders record student observations of all forms of life on the farm while on the train ride.
- Nature walk to explore different habitats and discuss how they relate with each other.
- All students will play various versions for the 'Food Chain' game to understand how food and products link together.
- Discussions of how city development could have changed local wild life living areas, food necessities, ect. Brainstorm solutions on how students can improve those issues.
- Students will receive a snack while on their visit.
- Teacher receives a gift and educational pack for their class.
- Students will receive a coupon

From Farm to You

(April- October) 2 hour tour

\$7.50pp (Tax included) Grades: JK- 1

Did you know that cows are responsible for ingredients used in disposable cameras? Corn is needed to produce ethanol, which powers some cars and trucks, a renewable fuel!

This tour includes:

- Train ride on Lil' Pud as well as a wagon ride throughout the orchards, vineyards, by the irrigation pond and view the Niagara Escarpment (Students will observe by using all 5 senses)
- Students will play games called "Farm to Table" and "Where do our fruits and veggies grow" to demonstrate how agriculture meets their personal and community's needs.
- Students will also get the chance to find out what foods come from each farm product. This will explain how the natural environment effects agriculture to meet society's needs.
- Students will understand the importance of buying local food.
- Students will receive a snack while on their visit.
- Teacher receives a gift and educational pack for their class.
- Students will receive a coupon.

From Rural to Urban

(April- October) 2 hour tour

\$7.50 pp. (Tax included) Grades: 2 - 4

Demonstrates an understanding of the characteristics of rural communities (with respect to land use, transportation, physical features, population, and buildings). Describes the interaction between people, communities, and the natural environment.

This tour includes:

- Train ride on Lil' Pud as well as a wagon ride throughout the orchards, vineyards, by the irrigation pond and view the Niagara Escarpment (Students will observe by using all 5 senses)
- Wagon ride where students will be asked to identify and document the rural characteristics they observe along the way. The observations will be used in the Town and Country game.
- Learn about the Greenbelt - students will discover which government and why it built the green belt and how it directly effects our communities.
- Explore different areas of the farm involving storage facilities, transportation methods, & packaging/ marketing methods.
- Discuss the Issues Farmers face with urban neighbors and communities. Brainstorm solutions to these barriers.

- Students will understand how agriculture is different in Canada than in South America. They will learn the importance of buying local food.
- Students will plant seed to create their own little farm to take back to school.
- Students will receive a snack while on their visit
- Teacher receives a gift and educational pack for their class
- Students will receive a coupon

Apple or Pear Harvest

(September) 2 hour tour

\$7.50pp. (Tax included) Grades: JK-4

This tour includes:

- Train ride on Lil' Pud as well as a wagon ride throughout the apple orchards, vineyards, by the irrigation pond and view the Niagara Escarpment fall colors. (Students will observe by using all 5 senses)
- Students will be taken to the pick your own apple orchard and will see firsthand how apples are grown, cared for, and harvested throughout the seasons. Students will be able to pick their own apple to take home.
- Students will be taken to the packing shed and the storage coolers to see how apples are processed for retail. This will demonstrate the interrelationship between the natural environment, agriculture, businesses and communities.
- Students will discover what types of products can be produced from apples and pears.
- Students will receive a snack while on their visit
- Teacher receives a jug of apple cider and educational pack for their class
- Students will receive a coupon

Fabulous Pumpkins

(October) 2 hour tour

\$7.50pp. (Tax included) Grades: JK-4

This tour includes:

- Train ride on Lil' Pud as well as a wagon ride throughout the orchards, vineyards, by the irrigation pond and view the Niagara Escarpment fall colours and view all the fall crops and pumpkin patch. (Students will observe by using all 5 senses)
- Take the pumpkin trail to enhance navigation skills. Visit to the pumpkin patch and play pumpkin trivia where they will learn about certain visible features on a pumpkin.
- Halloween/Fall craft

- Students will receive a snack while on their visit
- Teacher receives educational pack, and pick out a class pumpkin to take home for their class
- Students will receive a coupon and a small pumpkin or gourd to take home
